

Fire Barrier Services is one of the UK's leading passive fire protection contractors. With a reputation for trust and delivery, we pride ourselves on our integrity.

Due to continued expansion we are looking to employ an additional Contracts Manager.

Candidates should be dynamic and able to build and maintain an active sales pipeline to generate new business to agreed levels, lead project teams, manage and deliver multiple projects safely, on time, within budget and to the highest quality from commencement to completion.

Projects vary in size and are located throughout the Midlands and along the corridor of Manchester, Leeds, Sheffield. As a result, the successful candidate must have a full driving licence and be prepared to travel as necessary.

Essential to have experience in:-

- Passive Fire Protection 5+ Years
- Contracts Management 5+ Years
- Construction Site Supervision
- Identifying new business opportunities to increase revenue
- Confidence in communication with telephone, video conferencing and face to face meetings
- Liaison with main contactors and clients
- Reading and accurately interpreting contract drawings and technical specifications
- Programming and managing teams of operatives
- Measuring and ordering materials
- Control of site costs and quality
- Contract reporting
- IT including Word and Excel
- Knowledge of passive fire reporting systems
- UK Driving Licence (essential to be willing to travel) and own vehicle

What we offer:-

Job Type	Full time, permanent
Salary	Competitive
Schedule	Monday to Friday

Additional Benefits:-

- Vehicle allowance
- Workplace pension

Additional experience preferred but not essential:-

- Construction Management – 5 years

Work Remotely:-

Yes
